

Rust Solvent XXL

Description

Frees seized bolts and nuts particularly quickly.
Penetrates even the narrowest of openings. Infiltrates and dissolves rust.

Properties

- outstanding resistance to salt water
- dissolves rust
- does not attack plastics, paints and metals
- penetrates fast
- releases dirt
- good corrosion protection
- low coefficient of friction

Technical data

Base	combination of oils, agents
Color / appearance	colourless
Operating temperature range	-40 bis +140 °C
Spreading rate (cover) missing translation	sheet steel, bright 140-180 m ² /l
Form	aerosol
Odor	characteristic

Areas of application

For a wide range of applications and devices in the factory, workshop, automotive as well as household and hobby.

Application

Spray a generous amount onto bolts or nuts to be loosened and as is usual with rust removers, allow to act for some time before loosening, depending on the corrosion formation. Repeat the process in extreme cases.

Available pack sizes

600 ml Can aerosol	1611
	D-GB-I-E-P
600 ml Can aerosol	2867
	GB-DK-FIN-N-S
